

I urge you to promote a diverse, balanced and competitive media. Please stop the FCC rule change on June 2.

As a marketing director, I have recently been struck by the consolidation of radio stations under the ownership of huge companies like Clear Channel. We allow media companies to use the airwaves in exchange for their assurance that they're serving the public interest and it's the FCC's job to ensure that. Please hold the FCC to its mandate and oppose the rule change.

Sincerely,

Peg Merzbacher
